A LONG DISTANCE CITY WALK approx 23 miles / 37 kms

This city walk was devised in 2005 by members of the Bristol Group of the Ramblers Association with funding and assistance from Bristol City Council. It offers wonderful views across the City Centre, Avon Valley, Stockwood Nature Reserve, Dundry Hill and Ashton Court.

Vehicle parking and public transport are available at points ① to ④. There are cafes, public toilets, and public houses along the route. At Clifton Suspension Bridge and Temple Meads you can link with the Triangular Walk (*see separate Leaflet*).

You may start the walk at any given point, but we suggest you follow the guide and walk in a clockwise direction. Whichever way you choose you will be sure of a memorable, historic and scenic walk.

The South Bristol Circular Walk is approximately 23 miles (37kms) long and is divided into 4 sections where public transport and parking are available.

Temple Meads Station (start) to Brislington Village (approx. 5 miles/8km)

Brislington Village to Whitchurch (approx. 2.5 miles/4km)

Whitchurch to Bedminster Down (approx. 7.5 miles/12 km)

Bedminster Down to Temple Meads (finish) (approx. 8 miles/13km)

Denotes the points of the walk on the map.

For Bus Service Information see page 18.

The circular walk has been marked showing varying gradients to act as an approximate guide helping you to select a section of the walk which is appropriate to you. Every effort has been made to provide accurate information.

Further Information

Further copies of the **South Bristol Circular Walk** are available from:
